About us

The key to Rome was created with the idea of offering you a personal key to Rome so you can visit and get to know Rome's vast cultural heritage in a comfortable and relaxed way. Our expert guides, specialized in Art History and Archaeology, will introduce you to Rome's most famous and beautiful locations.

In the last few years The key to Rome has also created a network of specialized guides all over Italy who can offer you exclusive guided tours of the most important Italian Cities of Art (Milan, Venice, Florence and Tuscany, Naples and Sicily).

The key to Rome offers individual or group guided tours in different languages as well as specialized theme itineraries of your choice. Furthermore we can organize business lunches, meetings, congresses and gala evenings in Rome's most beautiful and historical museums, galleries and villas.

You can book your guided tour through our on-line catalogue where you will find all the information and details of each museum, monument and gallery.
